

## 15<sup>th</sup> Workshop of the National Reference Laboratories for Parasites 15 December 2020

Virtual meeting on Teams

|       |                                                                                                                                                                                                        |
|-------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 10:00 | <b>Welcome and Aims of the meeting</b><br>Simone M Cacciò                                                                                                                                              |
| 10:15 | <b>Anisakis, Echinococcus, Trichinella and Toxoplasma 2020 PTs</b><br>Marco Lalle, Adriano Casulli, Gianluca Marucci, Alessandra Ludovisi<br><b>Open discussion around PTs</b>                         |
| 11:15 | <b>ISO standard update: Trichinella, Anisakis, Cyclospora</b><br>Patrizia Rossi                                                                                                                        |
| 11:35 | <b>Open discussion</b>                                                                                                                                                                                 |
| 12:00 | <b>Break</b>                                                                                                                                                                                           |
| 14.00 | <b>Presentations from NRLs</b>                                                                                                                                                                         |
| 14.05 | <b>Spatial distribution of Trichinella ssp. in pigs and wild boars 2016-2019 in Poland</b><br>Mirosław Różycki (NRL Poland)                                                                            |
| 14.10 | <b>Differences in the performance of Trichinella PT tests in accredited and non-accredited laboratories in Poland in 2020</b><br>Mirosław Różycki, Weronika Korpysa-Dzirba, Aneta Bełcik (NRL Poland)  |
| 14.15 | <b>Sticky bags ruin Trichinella digestion in Stomacher?</b><br>Antti Oksanen (NRL Finland)                                                                                                             |
| 14.20 | <b>Toxoplasma gondii in meat products in Poland. Viability assessment of the detected parasites</b><br>Jacek Sroka (NRL Poland)                                                                        |
| 14.25 | <b>Dutch Trichinella quality control in times of Covid-19</b><br>Frits Franssen (NRL Netherlands)                                                                                                      |
| 14.40 | <b>Activities of the NRL Estonia in 2020</b><br>Epp Moks (NRL Estonia)                                                                                                                                 |
| 14.45 | <b>Proteomic profiling of Anisakidae nematodes</b><br>Maciej Kochanowski (NRL Poland)                                                                                                                  |
| 14.50 | <b>Development and application of novel chemiluminescence immunoassays for highly sensitive detection of Anisakis simplex proteins in thermally processed seafood</b><br>Joanna Dąbrowska (NRL Poland) |
| 14.55 | <b>Distribution of Echinococcus multilocularis and other helminths in the small intestine of the red fox</b><br>Jacek Karamon (NRL Poland)                                                             |
| 15:00 | <b>Molecular epidemiology of Echinococcus multilocularis in Europe</b><br>Azzurra Santoro (EURLP)                                                                                                      |
| 15.10 | <b>A validated method to identify Echinococcus granulosus sensu lato at species level</b><br>Federica Santolamazza (EURLP)                                                                             |
| 15.20 | <b>Presentations of international projects relevant for foodborne parasites</b>                                                                                                                        |
| 15.30 | <b>The EFSA project: Impact</b><br>Smita Suttrave (Bfr, Germany)                                                                                                                                       |
| 15.40 | <b>The One Health project: Toxosources</b><br>Pikka Jokelainen (NRL Denmark)                                                                                                                           |
| 15.50 | <b>The One Health project: Paradise</b><br>Simone M Cacciò (EURLP)                                                                                                                                     |
| 16.00 | <b>The One Health project: Meme</b>                                                                                                                                                                    |
